Dear Oakbrook Church Family,

Good News! Asia Frontier Foundation has been licensed by the government of Thailand to operate with full freedom as a business and ministry. Pastor Lu has been waiting several *years* for this approval.

What does this mean? Asia Frontier Foundation can now operate homes for widows and children, schools and churches, facilitate the setting up of micro-businesses for families, lead disaster relief efforts, ordain Christian pastors and workers, and even apply for visas on behalf of visitors. This will open doors for more ministry in rural, neglected areas of Thailand as well as the rest of Southeast Asia.

And it is YOUR gifts that have made this possible! Thank you for your faithful support of Pastor Lu and Betty.

For those who have no voice,

Lois Riddick, Executive Director  
Asia Frontier Outreach - USA
